

# AZ 4 Mobile Ozone System

## Air / Water Commercial Ozone System

### *Three application modes in one mobile unit.*

- Easily changes from an *air treatment* to *water treatment* to a *sanitizing spray/wash system* at the flip of a switch.
- Accepts incoming water pressure (10 PSI to 100 PSI)
- Positive pressure ozone production of up to .75 Lb/Day @ 10 SCFH
- Generates Dissolved Ozone / Water solution of up to 5 PPM @ 10 GPM flow.
- All stainless steel construction for sanitary environments
- Soft rubber pneumatic wheels for ease in portability
- Door safety interlock
- Flow switch activated
- Rugged all weather construction to take on all environmental challenges

#### **Sanitizing Spray/Wash Applications:**

- ◆ Produce Washing and storage
- ◆ Sanitize tanks and holds
- ◆ Clean and deodorize floors, walls, restrooms.
- ◆ Dairy barn sanitization.
- ◆ Chicken coup sanitizer

#### **Water Treatment Applications:**

- ◆ Commercial laundry unit
- ◆ Commercial bottled water unit
- ◆ Connect to belts and conveyors for mold control
- ◆ Portable aquaculture unit.
- ◆ Produce wash tank sanitizer

#### **Air Treatment Applications:**

- ◆ Fruit and Vegetable Refrigerated Storage units.
- ◆ Odor Abatement and air quality control
- ◆ Fish hold and storage

Part #	Model	Power Source
31352	AZ 4	115 Vac, 60 Hz
31352-25	AZ 4	220 Vac, 50 Hz

**Our Mobile Ozone Microbial Reduction Systems** are designed to meet the requirements necessary for surface microbial destruction within a myriad of applications.
